

INFORMATION SHEET

ABDOMINAL ULTRASOUND

Information on the X-ray

Purpose of the examination

An evaluation of the abdominal organs for any pathological changes that may be present.

Information on the examination

Please make an appointment for this examination and bring the following with you to the examination:

- **E-card and photo ID**
- **Original assignment (it must still be valid)**

If you are under 14 years old, you must come to the examination accompanied by a parent or guardian or bring a written consent form.

Preparing for the examination

For the examination of the abdominal organs (abdomen and upper abdomen), we ask you to come to the examination on an empty stomach. This means no solid or liquid food and no nicotine 4 hours before the ultrasound. You can take your daily medication as prescribed with a sip of water. The urinary bladder should be well filled during the examination of the entire abdominal cavity.
